RE: Univar Emergency Exercise

Dear Neighbour,

I am writing to inform you of a Major Live Exercise which is scheduled to take place 11th October 2023, between 0900hrs-1600hrs.

This is part of our statutory duties under the Control Major Accident Hazard (COMAH) Regulations 2015 and Univar's ongoing commitment to safety and integrity. This exercise will involve the Emergency Services and the Competent Authority (HSE and the Environment Agency). The aim of the exercise is to test / validate the External Emergency COMAH Plan. During the exercise there will be a strong presence from the Emergency Services such as Cheshire Police, Fire and Rescue and North West Ambulance Service. Therefore, please do not be alarmed, this is only an exercise.

We will not be sounding the Univar Emergency Klaxon siren during this exercise. Therefore, in the unlikely event there is an emergency on site, this siren will be activated and please treat the sounding of the siren as a real emergency and follow the instructions on your safety leaflet.

We would like to take this opportunity to reassure you that Univar is 'Serious About Safety' and a committed practitioner of Responsible Care.

Should you require any further information, please do not hesitate to contact Univar Solutions or Halton Borough Council using the following details:

Paul Landers
Univar Ltd
Pickering Road
Halebank Industrial Estate
